

Irene West Royal Hawaiians

## Have you heard the new fascinating Hawaiian music?

There's a quaintness and charm to Hawaiian music that makes it appeal to almost everyone who hears it. And the way to hear it is on the Victrola.

The three organizations largely responsible for the introduction and popularity of Hawaiian music in America are the famous Hawaiian Quintet of the Bird of Paradise Company, the gifted Toots Paka Troupe, and the Irene West Royal Hawaiians. It is these three organizations that bring this captivating music to you in your own home on the Victrola.

Here are a few of the many numbers in the Victor Record catalog:

It is about the size of an ordinary mowing machine, and is operated by three men and two horses. Not only are the trees firmly planted by the machine, but two attachments make it possible also to place water and fertilizer at the root of each seedling. A third attachment marks the line on which the next row of trees is to be planted. This machine is practical only where the ground is smooth enough to be plowed.

## THE FAD OF THE SEASON SPORT STRIPE SKIRTS

And when we say sport stripes we don't mean that all the stripes must be of the extreme type, with high contrasting colors. There are lots of others, some very conservative, in the gabardines, corduroys and the like. Every one of them, however, is made to give the wearer the greatest service and satisfaction.

### Sport Stripes at \$3.75

These are made in heavy suiting, some in the canvas weight, in fancy blue, green and brown stripes, exceptionally well made in the flare style, have oddly shaped pockets set in the side.

### New Corduroy Skirts \$3.50

Here is a value women will be quick to realize as out of the ordinary. It was a rather difficult matter for us to locate a manufacturer who could make so good a skirt at so low a cost; colors are white, sand, turquoise, old rose and maize.

### New Silk Skirts at \$7.50 to \$12.50

As a rule, when you think of a silk skirt it is usually of black taffeta, but this collection is made up of both black and navy, in the medium width stripe, plain or gathered waist band.

**SILK DRESSES**—A special group of Silk Dresses marked at a very attractive price to effect a quick selling; a limited number in the different colors at prices \$18.00 to \$25.00, Special \$14.50

### SILK THREAD STOCKING AT 60c

These are truly the most popular hose for every-day wear. They also come in the boot silk, in black and white, together with the most worn colors, high-spliced heels and toes; also double soles.

**PONGEE SILK AT 80c YARD**  
In the natural color, full 33 inches wide and of very good quality, a serviceable silk that launders well, made up this season with the popular wide stripes to match.

## Sun Shades

In All Colors and a Variety of Styles.

Some with wide fancy borders to match the centers, others are fancy all-over patterns, while still others are perfectly solid colors, in the blues, greens, gray, purple and black, long handles with cord loops, at

### A Good Percalé at 15c

A cloth that would sell at 15c a yard if bought in the market today. A big range of both light and dark patterns, also stripes.

### Fancy Ribbons for Hair Bows 25c

In the face of rising conditions in practically every article sold over the counter, we were fortunate in purchasing this lot to sell at this price.

### 32-inch White Corduroy 75c per yard

If you've made up your mind to have a white skirt and don't like the styles of the ready-made skirts, then you'll surely be interested in this cloth.

### Curtain Stripes at 10c

We don't say they are the best to be had, but we do say at this price they are an exceptionally good value.

### "Heads Up!"

"An expert automobile driver of my acquaintance," says Frederick Upham Adams in the June American Magazine, "has coined an injunction which might well be adopted by all drivers pending the adoption of the reforms outlined. Most of those who risk their lives crossing streets between intersections do so with their heads down, their half-closed eyes fixed on their feet. After successfully dodging such trespassers, or stopping in time to save them from injury, my friend good-naturedly sings out: 'Heads up, friend!'"

"Few take offense at this cheerful admonition, and, as a rule, they lift their heads, square their shoulders, and briskly take an alert way across the street out of danger."

John G. Prain has made final proof upon a timber claim in 28-12.

## Moving Pictures

One of the most unusual and thrilling photodramas ever seen will be presented at the Star tonight, when Edna

Goodrich, the noted dramatic actress and international beauty, makes her photodramatic debut as a Paramount star in the Jesse L. Lasky production of "Armstrong's Wife," the gripping

drama written especially for Miss Goodrich by Margaret Turnbull, the celebrated novelist. The scenes, vivid in their realism, carry the audience from the little country village to the gambling halls of a great city and from there to the heart of the rugged mountains of the great Canadian Northwest. Miss Goodrich, as little Mae Fielding, the country girl, is given a splendid opportunity to display her excellent dramatic ability as well as some of the beautiful gowns for which she is so noted. The production of "Armstrong's Wife" is said to be one of the most beautiful ever turned out by the Lasky company and Miss Goodrich has been given a support of unequalled excellence, including Thomas Meighan, James Cruze, Mrs. Lewis McCord, Florence Dagmar, Hal Clements, Raymond Hatton and other members of the Lasky all-star stock company. While Miss Edna Goodrich's company were in the mountains taking scenes for "Armstrong's Wife," they were snowed in for three days and unable to leave their cabins. The party was a considerable distance from civilization and would have suffered from want of food, had not one of the forest rangers come upon them and sent them supplies.
